## Message from the President

It's that time of year again for the fall work weekend and BBQ. This year it will be September 17-19. Please plan on bringing tools and equipment. We need to have a generator, power tools and materials. We will make repairs to the inside of the camp this year including wallboard and replacing insulation. We also need weed whackers and brush cutters so if you have access to this equipment, please bring it along. One load of wood has been delivered this year, with two more expected. I was unable to get the log length wood in this year so we are going to have it cut to length and split for the same price we usually pay for the log load. There will be a little less wood delivered this year. For the best value, we should try to rotate the wood in the shed now to the front to burn first. We could use some of that nice small maple kindling wood if anyone could bring up a truckload.

Steve C and I had a meeting with TNC. There will be some changes but no surprises. We will discuss at our meeting. Camp lease boundaries will be changing...

If anyone is interested in running for the board, please let Joe Halliday know. We have two board member positions up for election.

I've sent some e-mail out to the membership and some have been returned stating the address is no longer valid. I have changed my address; if you would like the electronic

correspondence, please shoot me an email at [ghayden2@twcny.rr.com](mailto:ghayden2@twcny.rr.com)

Bring your appetite, a friend and some good stories for work weekend. See you at camp!

One more thing, as usual we have some members behind on dues; there are new gate keys this year and if you plan to drive in when you want vs. waiting at the gate for some nice person with a key to let you in, you better be current with your dues! No money-no key!

Gary

“If you can't be a good example – then you'll just have to be a horrible warning.”
